STATEMENT OF SUBSTANCE OF EXAMINER INTERVIEW

Dear Sir:

Pursuant to M.P.E.P. § 713.04. Applicant hereby submits this Statement of the Substance of the Examiner Interview conducted on May 17, 2004.

Applicant's attorney inquired as to where, specifically, the Examiner was interpreting the third driver pin bore to be found in the UK reference (652). The Examiner referred to the location at numeral 36 in the UK reference and line 130 of column 1 of the reference, and submitted that although this third location at numeral 36 did not illustrate the third driver pin bore, it was disclosed in the written description. Applicant's attorney further inquired as to how the Examiner interpreted the clockwise and counter-clockwise aspects of the claims to be taught by the UK reference. The Examiner indicated that, essentially, any of the tumbler planes may be regarded as being either clockwise or counter-clockwise to any of the other tumbler planes.

If the Examiner has any questions or comments, or if further clarification is required, it is requested that the Examiner contact the undersigned at the telephone number listed below. Please reference Attorney Docket No. 126885-1001.

Respectfully submitted,

GARDERE WYNNE SEWELL, L.L.P.

Dated: 6-17-2004
